

Ōpōtiki District Council
Ōpōtiki Ward
Electing 3 Councillors

Barry HOWE

My principal place of residence is in the Ōpōtiki Ward area.

I believe I still have the energy and passion to finish off the transformation of our community.

Hard work over the last 20 years, progressing the seafarm and harbour are now beginning to come to fruition. The last 3 years has been very frustrating with a lack of Councillor inclusiveness, transparency and openness involving the community. Hopefully with good leadership and passionate Councillors we can progress what the town really needs.

Examples, C.B.D. upgrade, Heated swimming pool, support for more accommodation for our workforce in our local industries. They dont necessary have to be ratepayer funded. These are some of the initiatives I believe are needed for this community
