90	Dr Cary Monreal	13 Domain Road, WHAKATANE 3120	yes - with others	SUPPORTS	Grant resource consent	Facility is extremely important and Ōpōtiki and Kawerau have highest methamphetamine use in country and impacts on family, physical health, crime and suicide rates are excessive. The facility will improve the lives and wellbeing of whanau.
91	Moana Maui	2463 State Highway 2, RD2, Nukuhou, WHAKATANE 3196	yes - with others	SUPPORTS	Grant resource consent	Facility is crucial for whanau to start healing from trauma and addictions, kaupapa and whare integral to Opoitki for wellbeing
92	Tūwharetoa ki Kawerau Hauora	28-30 Islington Street, KAWERAU 3162		SUPPORTS	Grant resource consent	The facility supports whanau who have volunteered to undertake the programme. They don't require full care and are not a risk to community. Local facility is more accessible to whanau and offers better support. Residents can maintain connections to whanau, hapu iwi, friends which positively impacts recovery when compared to sending them out of the area to receive treatment. Facility tailors programs and collaborates with existing healthcare providers ensuring smoother transition from detoxification or outpatient services to residential care. Local facility provides better continuity of care.
93	Takapau Flavell	53 King Street, OPOTIKI 3122		SUPPORTS	Grant resource consent	To be able to awhile the whanau who require treatment we need a safe place for so whanau will know someone is there to ensure it is safe and there will be a good outcome for the person. Whanau need to learn about themselves at their own pace and return to whakapapa and whenua. Allow facility to open so team can do what is required for iwi to thrive with less crime, less poverty and people can learn to adapt by learning sustainability.

94	Enid Ratahi Pryor	15 Golf Links Road, RD1, WHAKATANE 3191		SUPPORTS		Greatly needed service which Ngāti Awa supports as a partner in the initiative. Alternative alcohol and drug residential pre and post support is supplied in other parts of the country which reduces opportunity for local whanau to access these usually overbooked facilities. Financial barriers limit whanau being able to support someone in treatment outside of the district. The proposed facility is integrated with iwi teams across the EBOP for on-going support which enhances project outcomes. Significant resource already committed to the project by community, government and iwi. Business growth and opportunity in Opotiki and EBOP can't be sustained if workforce is not ready and impacted by drug addiction. EBOP economy rests on social investment such as this initiative to get communities thriving.
